

International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 9 ~ Issue : 12 ~ Ser. : 4

p-ISSN : 2320-9356

Contents :

Commutativity of Prime Near r -rings with Nonzero Reverse a -derivations and Derivations	01-11
Application Of Geographical Information System (Gis) On Climate Change And The Detection Of Riverbodies Area Suitable For Industrial And Agricultural Purposes	12-18
Generalized Pre-Closed Set in Topological Space	19-23
A Study of Green Business Practices Adopted By Various Business Enterprises	24-30
Equation of rotation speed for bit under compound drilling condition	31-33
Analysis of Land Use Changes in Pontianak City from 2008 to 2021 Using GIS and Remote Sensing	34-42
Bayesian quantile regression based on ALD	43-49
Gaming Technology	50-53
Measuring the Organisational Sustainability to Increase the Performance of Small and Medium Textile Enterprises in Coimbatore Region	54-59
Oscillation of Second Order Biased and Unbiased Delay Differential Equations	60-65
Comparative Analysis of Percentage Seed Germination In Maize And Soybean Varieties At Different Concentrations	66-69
Daily Expense Tracker	70-73
A Study on Customer Satisfaction on Government Buses with Special Reference From Trichy To Chennai	74-79
Exoskeleton for Enhancement for disabled person (EXED)	80-90
