

International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 9 ~ Issue : 3 ~ Ser.-3

p-ISSN : 2320-9356

Contents :

Mechanical Properties of GFRP Wrapped Wooden Specimens with Various Wrapping Patterns	01-11
Upper and Lower level Sets of Absolute Direct Product of Doubt Intuitionistic Fuzzy K-ideal of BCK / BCI-algebra	12-15
Simulation of high speed compressors using SOA-MZI	16-20
Vehicle Tracking And Accident Alert System Using Microcontroller	21-23
Cross Ratios, Color Charge Force and Gravity	24-30
IoT architecture, methodology of smart trolley system	31-35
IoT Applications Challenges Privacy and Security	36-39
Signed Total Roman Dominating Functions of Rooted Product Graphs	40-45
Efficacy of some traditional Indian spices for treating diabetes	46-53
Numerical /Analytical Investigations of Stability of Stratified Rotatory Elastico –Viscous Oldroyd B Fluid In The Presence Of Variable Magnetic Field, Suspended Particles Saturating Porous Media	54-62
Design and Analysis of Future Concept Solar Powered Agricultural AI-Vehicle	63-65
Optimization of Engine oil Pressure after Overhauling in HINO 6DTI Engine	66-70
Implementation of STS agent in Hybrid Cloud Infrastructure	71-75
