

# International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 9 ~ Issue : 6 ~ Ser.-3

p-ISSN : 2320-9356

## Contents :

Compensation of Power Quality Issues During Fault Condition Using DVR Based On Electric Vehicle Charging System	01-08
Agile Project Management in Construction Industry	09-11
IoT Based Smart Agriculture System	12-16
Audiences' Perception and Engagement with Malaysian Public Broadcaster, Radio Television Malaysia's (RTM) Prime News	17-26
Prefabrication Structure	27-37
Multi-Resolutional Image Format Using Stochastic Numbers and Its Hardware Implementation	38-43
Isolation, identification and biochemical characterization of chromium degrading bacteria from industrial effluents and to run chromate reduction assay on the bacterial isolates along with the amplification of chrA and chrB genes	44-58
Survey on Iot Baesd Land Slide Detector	59-61
Variability and inter-dependence of some features in the three taxa types of Polygonum L	62-70
Review on Various Object Detection Methods in Camouflage Images	71-74
Automation of Student Education Verification and Services	75-81
