

International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 9 ~ Issue : 7 ~ Ser.-9

p-ISSN : 2320-9356

Contents :

Arduino Based Lemon Sorter Machine	01-05
Live Study of Uplifting Of Ground Water in the College Campus	06-08
The Role of Solar Wind on Earth's Magnetic Field Formation of Terrestrial Magnetosphere	09-15
A Design of Carry-Lookahead Adder with Improvised Memristor Modelling	16-23
Impact of Node Mobility on Manet Routing Protocols Models	24-33
Facial & Emotion Detection	34-36
A numerical model for the honeycomb core sandwich panels in three-point bending by the homogenization method	37-42
A Review on Utilization of Brick Dust and Alccofine on a Fly Ash Based Self Compacting Concrete	43-45
E-Farmification	46-50
Securing Client-Server communication by Encryption using Kerberos Authentication System	51-54
Effective Analysis of Sentiment Twitter Data Set Using a Unified Analytic Engine - Apache Spark	55-61
Analysis of G +10 Building With Or Iwithout Shear Wall	62-68
Design and Analysis of Rub by Box Pushing Technology	69-71
Rainstorm Prediction System	72-80
