

International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 10 ~ Issue : 6 ~ Ser. 15

p-ISSN : 2320-9356

Contents :

Design and fabrication of 90 degree steering wheel mechanism	1380-1384
Low Cost Wireless Monitoring and Decision Support for Water Saving In Agriculture	1385-1387
Static Wireless Charging for Electric Vehicles	1388-1393
Hospital Management System in DJANGO	1394-1398
Virtual Event Management System	1399-1409
Analysis of Lung Cancer Staging (using TNM)	1410-1419
Performance of Vapour Compression Refrigeration System Using Nanoparticles: A Review	1420-1423
Automation in Onboarding of Customer in Banking	1424-1428
Implementation Paper of Brain Tumor Segmentation using MRI data	1429-1433
Implementation Paper of Design and Development of a System Based Application for Reading and Learning Ayurveda Sutras	1434-1436
Experimental Study on the Tension-Tension Fatigue Behaviour of Glass/Flax Quasi Isotropic Composites	1437-1441
Blood bank Management System Using Logical Chat Bot	1442-1447
RFID Based Automatic Toll Collection System for Dynamic Charging Vehicles	1448-1452
Implementation of Vehicle Starting Using Fingerprint Sensor & Accident Detection with Accelerometer, GSM & GPS	1453-1455
Railway Track Crack & Object Detection Using GSM & GPS	1456-1459
