

International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 11 ~ Issue : 01 ~ Ser. 3

p-ISSN : 2320-9356

Contents :

Thermal-hydraulic analysis of the modified topaz irradiation process at ETRR-2	232-246
Parkinson's Disease Detection & Self Stabilising Spoon With Health Analysis Using MI And Iot	247-251
Rated Perceived Exertion of Female Technicians In Aviation Maintenance, Repair And Overhauled Malaysia	252-258
Multi-object optimization algorithm applied in integrated energy system : a review	259-263
Effect of Sodium Fluoride on Gonado-somatic index of Swiss albino mice	264-267
Matrix Chain Multiplication - "Kumjeev's - Algorithm"	268-270
A STUDY OF COEFFICIENT OF ACOUSTIC WAVES AT AN INTERFACE BETWEEN TWO MOVING FLUID MEDIA	271-276
A Study on "Hr Business Partners" At JSW Steel	283-289
Analysis of Wear Resistance Liners for Increasing Life Cycle of Industrial Steel Part	290-295
Recognition of Hate Mongering contents in Social Media using Global Vector (GloVe) plus BiLSTM and Cost Function Analysis	296-305
Examination of Parks in Terms of Cleanliness: A Case Study from Efeler, Aydın (Türkiye)	306-314
Exploring Human Computer Interaction in the Design of Graphical User Interface	315-318
Hardware Watermarking for Finite State Machines, with Symmetric Circuit Encryption	319-341
A Replacement of Fiber Base Waste Fishnet Sheets To Asbestos To Minimize Environmental Impact	342-346
