

International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 11 ~ Issue : 03

p-ISSN : 2320-9356

Contents :

A Conceptual Study on Innovative Hr Practices in Indian Banking Sector	01-04
Web-based Vaccination Mapping and Profiling with SMS Support: Its Usability to Health Workers in One City in the Philippines	05-10
Experimental study on the compactness of assembled bridge sleeve grouting	11-21
Research on Protein Sequence Alignment	22-25
Treatment of Wastewater Containing Hazardous Pollutant-Phenol Generating From Resin Manufacturing Industry by Adsorption	26-32
A Study on Reverse Osmosis Membrane Fouling and Its Control Strategies for Food Industries	33-42
Comparison of Vocal Hygiene Awareness in Pastors and Priests	43-53
Enhancement of PV-Wind Plant Output Power via the Adaptive Neuro-Fuzzy Inference System	54-60
Review Article: Fault Detection and Diagnosis of Air-conditioning System Based on Data-driven Method	71-74
Analysis of the construction details and security aspects of Atal tunnel	75-81
Effect of Pineapple Skin Bioethanol on 92 Octane Fuel and Engine Speed on Gasoline Engine Performance	82-86
Progress in Application of Chitosan-based Food Packaging Materials	87-93
Random Forest Algorithm based Security in IoT	94-100
A Deep learning-based object detection Method for UAVs	101-107
Machine Learning Techniques for Forecasting the Damages Caused to Buildings Due to Earthquake	108-116
