

# International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 11 ~ Issue : 03 ~ Ser. 5

p-ISSN : 2320-9356

## Contents :

Indoor model test study on the interaction between existing building renovation and adjacent foundation pit excavation	426-432
Computer-Assisted-Education	433-435
Web-Based Undergraduate Student’s Academic Curriculum Project Management	436-441
Detection of Malicious Social Bots	442-445
Netflix Movie Recommendation Using Cosine Similarity	446-451
Catalytic Ozonation by Chalcopyrite for the Degradation of Oxalic Acid in Water	452-463
Kinetic Study of Osmium Tetra Oxide Catalyzed Oxidative Degradation of Butane-2,3 Diol By N-Bromosaccharin	464-468
Emergency Security Device for Women Using GSM and Arduino with GPS Tracking	469-474
Self esteem among relatives of substance abusers	475-477
Cryptojacking Detection With Process Analysis	478-484
Bikgo (A mobile app for instant Bike rentals) Using Flutter	485-491
Fake Accounts Detection on Social Media (Instagram And Twitter)	492-499
Court Case Management Sytem	500-509
Bhogie Detachment Alarm System	510-514
Design of Interleaved Inverter Topology for Photovoltaic Applications and Analysing its Performance	515-521
