

International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 11 ~ Issue : 04 ~ Ser. 2

p-ISSN : 2320-9356

Contents :

Prediction of Covid-19 Confirmed, Death and Cured Cases in India	111-116
Implementation of Out seal PLC Integrated Sensor Flowmeter YF-S401 on Ship's Auxiliary Engine	117-121
Malaria Medical Imaging using Deep Learning	122-127
Research on TOD theory and its practice	128-134
To Reduce Tariffs for Ultra-Long Distances	135-143
Impact of Cultural Differences on International Marketing Strategies	144-148
In-vitro Antidiabetic Assessment of Bioactive Phytochemicals in Locally used Mango and Soursop Leaves	149-154
The Manager as a Strategic Planner, Decision Maker and Problem Solver: A Study of Nigerias' Fast Food Industry	155-165
Mature Extension Using Deep Learning	166-171
Research of Mekong Delta Culture from the Canal System in the Western Cochinchina in the first of XX Century	172-175
Effect of Giving Extract of Areca Seeds in Accelerating Wound Healing After Tooth Extraction in Wistar Rats	176-181
Effective way of optimizing memory by self-adjusting resource al location in Hadoop environment	182-187
A Review of Computer Vision Applications in Concrete Crack Identification	188-195
Indoor radon concentration in colleges and universities and its influencing factors	196-201
Overview of reinforcing steel mechanical joints	202-205
