

International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 11 ~ Issue : 05 ~ Ser. 2

p-ISSN : 2320-9356

Contents :

Enhance the Security of Data Using Cryptography in Data Hiding Using Pixel Rotation	94-99
Meta Structural Learning Algorithm with Interpretable Convolutional Neural Networks for Arrhythmia Detection of Multisession ECG	100-104
Solar Powered Water Trash Collecting Boat	105-107
Implementation of Computer Technologies in Agriculture for Climate Change-Impact and Solution	108-115
Development of smart irrigation system for Agriculture Using IoT in Machine Learning	116-123
Black Spot Analysis (Accident Black spot And Safety Analysis Of Road Network For NH-166)	124-128
Kinematic Motion Analysis of the Lower Limb in Performing the Box Jump Sport at Three Different Heights	129-135
Real-Time Road Pothole Complaint Registration App	136-140
Vermicomposting of Coffee Waste: A Sustainable Approach to Organic Fertilizer Production Using Earthworms	141-144
Design Analysis & Experimental Set Up Of Flexure Bearing	145-148
A Review on Dynamic Amplification Factor Applicable for Transient Load on MDOF System	149-153
Gesture Volume Control	154-160
Implementation of Blockchain Technology in a Donation Supply Chain	161-181
Assessment of Risk Factors and Management Associated With Preterm Deliveries and Their Outcomes in Tertiary Care Teaching Hospital GGH Hospital Jamnagar Gujarat, India	182-185
USE OF RED MUD IN CONCRETE	186-188
