

# International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 11 ~ Issue : 05 ~ Ser. 4

p-ISSN : 2320-9356

## Contents :

Audio Extraction From Videos	286-293
Automatic Detection of Bike-riders without Helmet	294-301
Structural Behavior of Concrete ENC ASFD CFST Column Using Self Compacting Concrete with Polypropylene Fiber	302-306
Partial Replacement of Cement with Metakaolin and Silica Fume in Concrete	307-313
Hybrid Energy Generation for Multi Vehicles Charging Station Model	314-318
A Deep Convolutional Neural Network Based Prediction System For Autism Spectrum Disorder In Facial Images	319-324
Experimental Study in RC Deep Beam by Using Hooked End Steel Fiber	325-332
A review of phthalate test methods	333-338
Crop Prediction & Recommendation System Using Machine Learning	339-341
Urban Planning on People's Life in India	342-344
Mechanical Properties of Self Compacting Concrete Made Of Bagasse Ash	345-349
Rice Grain Classification Using Multi Class Support Vector Machine (SVM)	350-353
Building an Excellence Research Center Selection Model at the Faculty of Engineering, Diponegoro University	354-361
Nonlinear Dynamics of Coupled Neurons	362-365
Usability of Guidance Office Information System	366-368
