Volume : 11 ~ Issue : 05 ~ Ser. 9

p-ISSN : 2320-9356

Contents :

Quark Hypothesis	706-709
Wideband low noise Darlington amplifier: A review	710-711
Analysis and Design of G+8 RCC Building Using ETABS	712-721
A Prospective Study to Assess the Risk factors and Effectiveness of Management Strategies in Postpartum Haemorrhage	722-726
Prospective Study of Maternal and Fetal Outcome in Covid Positive Pregnant Women	727-736
Design and Development of Secured E-Health Data Acquisition, Transmission and Monitoring System	737-739
Challenges in Waste management in India	740-743
Influence Maximization Algorithm based on Node Similarity and Average Path Distance	744-753
Landscaping In Residential Buildings in India	754-757
A Survey on Smart Education System using Machine Learning Techniques	758-762
Thermal Analysis of Steam Turbine Blade	763-767
Iris: Glasses for the visually impaired	768-774
Molecular Docking of Small Amide Molecules with CDK-2 Enzyme for Anticancer Activity	775-779
Toxicity of Magnesium Carbonate Against Lesser Grain Borer, Rhizopertha dominica (Fab.) on Stored Wheat	780-781
Effect of Size of Aggregate on Self compacting Concrete M30 Grade	782-790
