

International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 12 ~ Issue : 02

p-ISSN : 2320-9356

Contents :

Effects of Driver's Behavior on Traffic at Lagos Bus Stop and Amadi-Ama Intersections in Port-Harcourt Metropolis	01-08
Effect of Fruit Quantity and Packaging Type on Physico Chemical Properties and Shelf Life of Fresh Bell Peppers (<i>Capsicum annum</i> var. <i>grossum</i>)	09-15
Neural Network for damage detection of R/C Buildings	16-20
A review of the research of data-driven technology in the built environment	21-27
Equilibrium pricing strategies for manufacturers and secondary markets with low price preferences	28-35
Wind turbines farms applications. A mini review	36-41
Multi-head Self Attention Mechanism and Reflection Padding Network for Hyperspectral Image Band Selection	42-51
Developing Real-Time Alert Systems with Spring Boot: Outline the process of creating an application to monitor and alert discrepancies in trade inquiries	52-54
Exposing Vulnerabilities in Wi-Fi Security: A Proof-of-Concept Framework for Open WRT	55-60
An Investigation Of The Nutritional Knowledge Levels Of Individuals Who Regularly Use Fitness Centers	61-70
A Study to Facilitate Secure, Adaptable, and Generic Data Search in Cloud Computing	71-76
An analysis of blockchain technology	77-83
To provide security in IoT for industrial solutions	84-90
An Overview of Security-Based Cloud Encryption and Decryption Methods	91-97
Generating Test Cases from Web based Information	98-103
