Volume : 12 ~ Issue : 09 ~ Ser. 2

p-ISSN : 2320-9356

Contents :

- | | |
|---|---------|
| Optimising Live Performance Sessions: Techniques in Recording, Mixing, and Mastering for Enhanced Audio Quality | 118-125 |
| Mechanical Performance of Mycelium Reinforced with Buri Palm Fiber as a Lightweight Partition Wall Material | 126-132 |
| Investors' Perception and Satisfaction Towards Gold Jewellery Investment -An Empirical Study | 133-138 |
| A Fixed Point Result for Cyclic Mapping in Extended B-Metric Spaces | 139-143 |
| Deciphering agricultural growth trends: a case study of Kupwara District in the Kashmir valley | 144-150 |
| Zone-wise Assessment of Fruit Crop Concentration and Horticultural Efficiency in Kupwara District | 151-156 |
| Yield And Economic Analysis Of Direct Seeded Spring Rice Using Mechanized And Conventional Method In Farmers Field | 157-164 |
| The Power of Silence in Managing Communication | 165-170 |
| Exploring the Impact of Directional Sound Field Decay on Performance Space Optimization and Indoor Positioning Techniques | 171-177 |
| Granular Zone Delineation Using 2D Electrical Resistivity Tomography and Well Logging Techniques for Enhanced Groundwater Exploration | 178-186 |
