

International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 13 ~ Issue : 04 ~ Ser. 2

p-ISSN : 2320-9356

Contents :

Preparation and properties of acrylate tackifying agent modified by ionic liquid for Fluororubber	141-151
The Effect of Incoming Air Speed on the Water Mass Produced in the Air-Water Harvester Machine with a Power of 1 PK	152-157
Synthesis of waterborne polyurethane functionalized with Alizarin Red S dye for enhanced color fastness	158-163
Polyunsaturated Fatty Acids and Their Effects on Cardiovascular Diseases	164-166
k-Total Modulo Labeling Graphs	167-172
Effect of Cutting Parameters for Cutting Forces, Tool Wear, Microstructure Changes and Surface Roughness in Milling SUS 304	173-177
Construction of a visual exosome-mediated delivery system across the blood-brain barrier	178-188
Land Use & Land Cover Change Detection and Analysis In Amaravati, A.P Using Google Earth Engine (GEE)	189-195
Safety and Stability Study of Linshan Project Based on Alum Mountain Cultural Tourism Project	196-202
The application of Artificial Intelligence (AI) in the business operations of cooperatives in Thai Nguyen, Vietnam	203-205
