

# International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 9 ~ Issue : 5 ~ Ser.-2

p-ISSN : 2320-9356

## Contents :

Securing Data in IOT using Cryptography & Steganography Techniques	01-05
Observation On The Ternary Quadratic Diophantine Equation With Three Unknowns	06-18
“Human Lose and Cost Assesment Due to Leak of Glyceryl Trinitrate in A Pharmsuital Industry”	19-27
Implementing Lean Manufacturing Practice in an Lamp Manufacturing Industry	28-32
Indian Sign Language Recognition	33-37
Modeling and Estimation of Camel Population in Turkey with Time Series Analysis and Artificial Neural Networks	38-44
Efficient Password Mechanism to Overcome Spyware Attacks	45-48
Temporal analysis of Vegetation Health of Murti River Basin: An approach through Geospatial Technique	49-56
What is Big Data and how Facebook uses Big Data	57-63
Opinion of the stakeholder about the No detention policy in secondary students	64-66
A review on Failure Analysis of Heavy Duty Vehicle King-Pin Attached on Front Axle	67-70
Performance Analysis of Heavy Duty Vehicle King-Pin Using CAD Tool	71-76
