

# International Journal of Research in Engineering and Science (IJRES)

e-ISSN : 2320-9364

Volume : 9 ~ Issue : 6

p-ISSN : 2320-9356

## Contents :

Evaluation of the Seam Quality in Garments	01-09
Agglomeration of Wood Dust and Charcoal Powder for Solid Fuel Production	10-13
Obstacle Avoiding Robot	14-18
A Review on FRP Strengthening In Reinforced Concrete Slabs	19-22
Designing and implementation of autonomous car and smart traffic system using Raspberry Pi	23-28
Object Detection – Trained YOLOv4	29-34
Development of Smart Helmet Using Iot Technology for Safety and Accident Detection	35-41
Generate and Ranking the Multiple Sentences Based On Context Using Natural Language Generation	42-46
Two-Wheeled Self-Balancing Robot	47-51
Sports Event Management System	52-54
Adaptive PI Controller Based Shunt Active Power Filter With Five level Cascaded H-Bridge Inverter	55-64
PLAN A PET	65-68
Breast Cancer Analysis and Prediction by Using Machine Learning	69-73
On The Ternary Quadratic Diophantine Equation	74-78
